

ART IN MINIATURE 2018

IPMS Göteborg

Saturday 1/9 and Sunday 2/9 2018

The best Scandinavian modellers will be attending, and the major Swedish traders will be there!

Address: Aktiviteten, Fiskargatan 1, 431 43 Mölndal.

All modellers are invited to participate in the show. IPMS members and modellers in the competition may enter the show free, and the competition fee is SEK 70 for IPMS members and SEK 140 for all others.

The main entrance is placed just opposite the main parking lot.

Saturday 1/9

Exhibition closes:	15.00 – 18.00

On Saturday evening there is a dinner for exhibitors, register at the check-in latest 13.00 on the Saturday.

1. The organizer reserves the right to exclude models that may offend people
2. Only models that have not been awarded any prize in previous years may be entered in the competition
3. A model must be the handiwork of the entrant only. This does not apply to the class Commercially built models
4. Although every care is taken to ensure the safety of exhibits, models are placed in the competition at the owner's risk.

The organizer accepts models made of any material, not only plastic (styrene), different resins, white metal etc., but any commercially available construction material.

The model can be placed on a base, and other equipment apart from the model may be present, but it is only in the Diorama and Vignette classes such equipment is included in the verdict of the judges.

Questions of classification can be addressed to Jan Forsgren: +46 70 541 6594, jan.forsgren@janfo.se

To register you must download the registration form. It must be mailed or e-mailed to us latest September 1st. One line for each model and it is better if you register more models than too few. It is possible to delete and add models in the check-in, but adding models causes extra work for our personnel.

The description of your model on the specification should be accurate and describe your work; what you have added, changed or converted. It is not necessary to send the specifications with the registration.

In the classes listed below, any standard, detailed, converted or in any way changed kit will compete. The judges will judge the final result and not what the modeller did to make the kit as presented in the competition.
